

ROOSEVELT COUNTY ELECTRIC COOPERATIVE, INC.
ORIGINAL RATE NO. 13

QUALIFYING FACILITY INTERRUPTIBLE POWER SERVICE

Page 1 of 2

APPLICABILITY:

This rate is applicable to all Qualifying Facilities or third party consumers of Qualifying Facilities to the extent compelled by General Order No. 37 of the New Mexico Public Service Commission which are located in the service territory of this Cooperative. A Qualifying Facility is a cogeneration or small power production facility that meets the definitions, standards and requirements of General Order No. 37.

TERMS AND CONDITIONS:

Until there is a lower cost associated with the provision of interruptible service hereunder, the rate charged for such services will be under the same rate schedule which would be applicable absent the generation of the Qualifying Facility. The additional terms and conditions stated hereafter in this rate schedule shall also apply to the rendering of Interruptible Power service.

ADDITIONAL MONTHLY CONSUMER CHARGE:

There will, for Qualifying Facilities, or third party consumers of Qualifying Facilities, who request Interruptible Power service, an additional monthly consumer charge of \$15.00 per month to cover the additional administrative costs incurred in the provision of such service.

FACILITIES CHARGE:

Interruptible Power service consumers shall, before service commences hereunder, pay the costs and expenses of any equipment installed as a result of the rendering of Interruptible Power Service. Such equipment includes, but is not limited to, electrical, metering, electronic, communication and control system devices.
