**OPTIONAL RENEWABLE RESOURCE POWER RIDER
INTENT TO PURCHASE APPLICATION**

Date: _____ Account: _____

Member's Printed Name: _____

This application requests the following changes to the number of 100 kWh blocks of renewable resources purchased:

(Fill in appropriate line to indicate requested change)

- 1) Number of existing blocks: _____
- 2) Number of new blocks: _____
- 3) Number of blocks to delete: _____
- 4) Number of total blocks: _____

This application is to be effective beginning: _____
(Enter month and year of change)

**TERMS AND CONDITIONS
IN ACCORDANCE WITH SOCORRO ELECTRIC COOPERATIVE, INC. RATE RIDER NO. 1**

Available to all grid-tied classes within the Cooperative's service area, limited to the amount of renewable resources available.

The monthly rate, including all applicable adjustments, set forth in the tariff under which the participating member is presently served, will apply, including a renewable power premium (added charge) for all renewable power contracted for the member as set forth in Socorro Electric Cooperative, Inc. Rate Rider No. 1.

The added charge will remain in affect until the member submits an application requesting the deletion of the kWh blocks for which they are being billed.

The charge per billing period in the foregoing rate is net, due and payable within twenty (20) days from the date on the bill.

By signing below, I accept the Terms and Conditions and notify the Cooperative of my intent to purchase renewable resource generated power.
